

**Mezzanines**

Mezzanines allow you to:

- Increase your storage space
- Create a work platform
- Add an in-plant office
- Renovate existing warehouse space

Double your useable floor space with a cost-effective pre-engineered mezzanine from the largest mezzanine manufacturer in the United States. Suitable for industrial and commercial applications. Heavy-duty mezzanines feature minimum 5x5, 3/16" thick columns with 12" base plates and 125psf uniform live load capacity. Easy installation with easy-to-follow instructions that require no drilling or welding. 25-year performance guarantee. Made in USA.

We specialize in custom-design mezzanines. Call for complete assistance with any mezzanine application.

**Mezzanines.** Mezzanines include roof deck (painted white for greater light reflection) and 3/4" tongue and groove moisture-resistant unfinished resinboard. Pricing of alternate decking surface is available upon request. Specify clearance height: (01) 8', (02) 9', (03) 10'.

Overall LxW*	Overall Sq. Ft.	Stock Number
16'x11'	176	53056-S
16'x21'6"	346	53064-S
31'5"x11'	347	53100-S

\*NOTE: Above dimensions are nominal, exact dimensions may vary ±1".

53559-S Optional Bar Grating (extra add-on).

**Stairs.**

36"W stairs meet top deck of mezzanine. Closed tread with open riser. Call for other sizes and types.

**Pivoting Safety Gate**

Cut-to-width at your facility for a custom fit meeting your specific needs. Side rails easily connect to most Wildeck mezzanine railings providing a seamless barrier. When one side of the gate opens, the other closes for safe access. Integral kickplate keeps objects from falling. Outside width variable from 120-36". Inside width variable from 109 1/8-25 1/8". Meets IBC codes, OSHA safety standards, and ANSI MH28.3-2009 standards. Color: safety yellow. Made in USA.
